### Course Descriptions

**English I** - Ancient literature including the Epic of Gilgamesh, ancient mythology, all of the Bible's Old Testament as well as modern literature such as Ozymandias by Shelly, Shadow Hawk by Andre Norton, Recessional by Rudyard Kipling, Destruction of Sennacherib by Lord Byron, Certain Women by Madeleine L'Engle are included. Composition includes research skills, comparison/contrast paper, an abstract, a descriptive paragraph, a persuasive essay, a biographical sketch, a psalm using allegory or metaphor, a puppet play, and an editorial.

**Algebra I** - Algebra 1 is a one year course using the text by John Saxon. The program includes daily lessons and weekly tests which chart the student's progress.

**Biology** - Biology uses the text from ABeka Publishers which covers botany, zoology, human anatomy & physiology, cellular and molecular biology.

**Biology Lab** - taught by Mary Lawrence RN. Lab includes extensive use of microscope and dissection of flower, bulb, frog, perch, grasshopper, crayfish, earthworm, fetal pig, muscle, sheep's brain and sheep's heart.

**World History I** - Ancient history and geography of the Fertile Crescent area, the Sumerians, the Egyptians, the Harrappan, the Hebrews, the Phoenicians, the Assyrians, the Babylonians and the Persians is covered. Methods of archaeology, famous archaeologists, and evaluation of religious practices and political situations in comparison to the twentieth century are included.

**Music** - taught by Steven Bartune, BM, MM. Class covers theory, appreciation, history and performance.

**Art** - Identifying works of art and architecture from the cultures of Mesopotamia, Egypt, Assyria, Babylon, Persia, and the Hebrews is covered. Both three-dimensional and two-dimensional art works are made by the student.

**Physical Education** - Participated and lettered on the Dobson High School Golf Team. This included daily practices, competitive matches, and additional private coaching throughout the year.
