# Summer BOOK CLUBS FOR MOMS & DADS

Theme: Equipped for This Good Work

Join us for a fun and easy summer book club—all from the comfort of home. Discussion will take place in two private Facebook groups. Our summer book clubs are sure to equip and inspire you as you raise your children and teach them at home! We've selected books written by two of this year's AFHE Convention speakers. Meet the authors at Convention in July!

## MOMS' BOOK CLUB

Moms will be refreshed reading "The Unhurried Homeschooler." In this mercifully short book, Durenda Wilson offers a clear picture of what a life-giving home can be during the homeschooling years. She will help lighten your load as you raise lifelong learners and enjoy the homeschool years with your kids.

## THE DAD ZONE

The guys will be reading "Dad Power" by Todd Wilson, Familyman Ministries and 2020 Keynote Speaker. Dad Power determines how your children view God and handle life. It is your influence that ripples across generations to come. Interact with fellow homeschool dads and learn the key to becoming your child's superhero!
